

COURSE REPORT

COURSE

The course was evaluated based on the following:

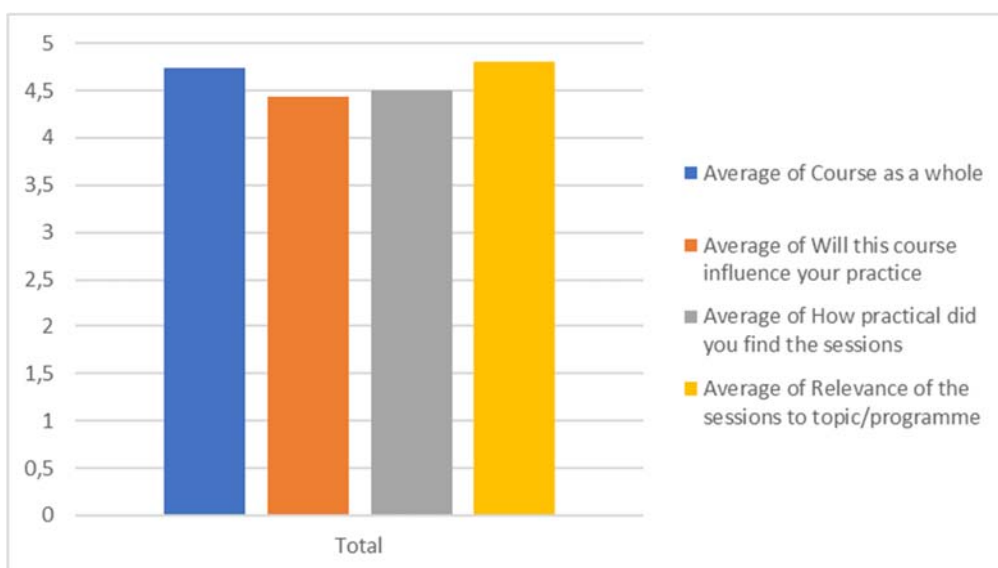

- Average of Course as a whole
- Average of Relevance of the sessions to topic/program
- Average of How practical did you find the sessions
- Average of Will this course influence your practice

1. Residents noted each question with Excellent (5 points), Very Good (4 points), Good (3 points), Fair (2 points), and Poor (1 point)

2. Therefore, the following averages were obtained:

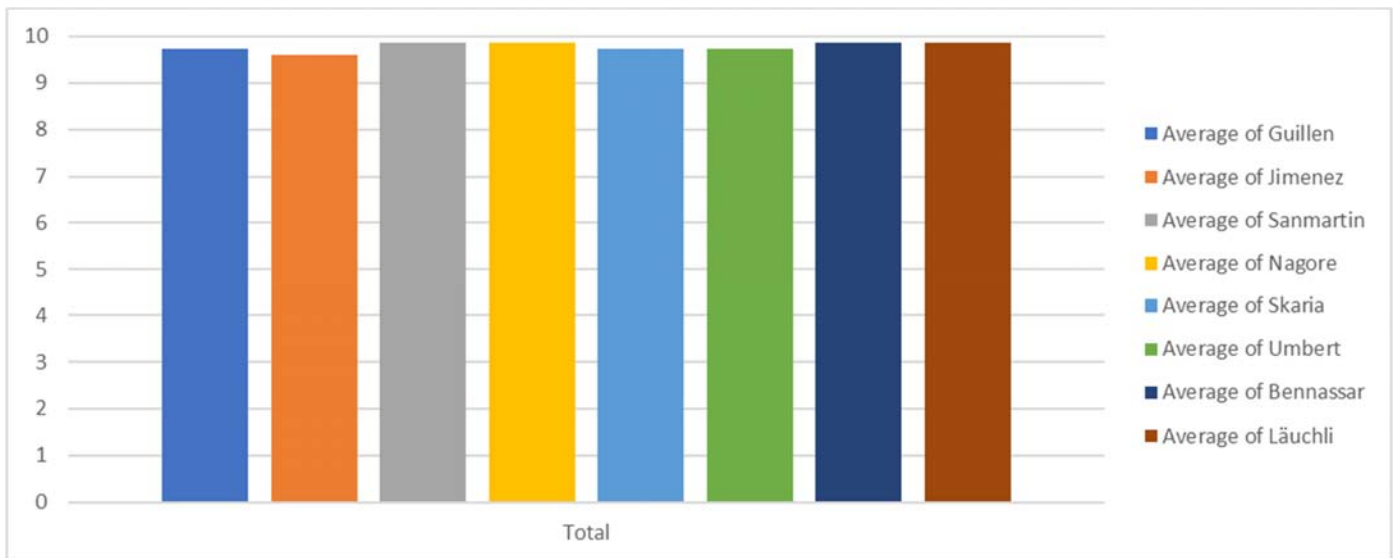

Average of Course as a whole	4.73
Average of Relevance of the sessions to topic/program	4.80
Average of How practical did you find the sessions	4.50
Average of Will this course influence your practice	4.43

3. The score of your course is 94.60% which is a very good result. The is score has been calculated based on the average of the course as a whole.

FACULTY

The faculty was evaluated based on a scale from 0 to 10 (0 = bad and 10 = excellent).
As you may see from the table below, all the speakers got an excellent rating.

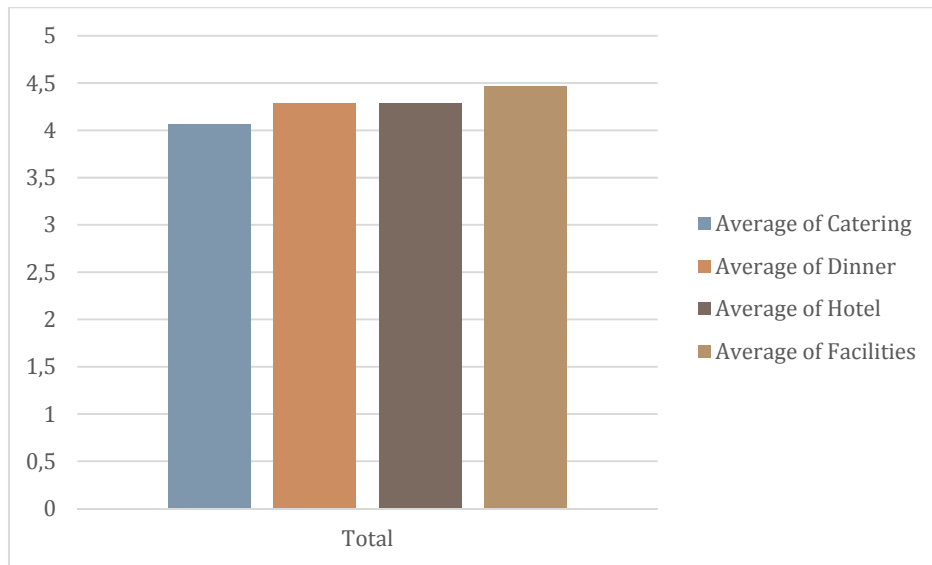

Logistics

Participants were asked to score the logistics (Hotel, Catering and Dinner) as follows:
Excellent (5 points), Very Good (4 points), Good (3 points), Fair (2 points), and Poor (1 point)

The following averages were obtained:

Average of Hotel	4.29
Average of Catering	4.07
Average of Dinner	4.29
Average of Course Facilities	4.47

CONCLUSIONS/RECOMMENDATIONS

The course received very good feedback from the participants and the course organization at IVO was done well. Participants particularly enjoyed the possibility to follow 5 Moh's surgeries as well as the informal atmosphere of the course.

Some participant suggested in the feedback forms that in the future editions of the course could include hands-on training on pig heads.
